

Back to School Night

Introduction to Robotics Presentation

Johnny Hwang

Introduction to Design, Digital Electronics, Principles of Engineering, Engineering Design and Development, AP Biology, Introduction to Robotics

Agenda

- Introduction
- Tips for success: *Class Website, Online Textbook, Parent Portal, Communication*
- Homework

Introduction

- 25rd year at DBHS
- B.S. in Biology, M.A. in Educational Technology
- Industrial & Technical Education certified
- Past & Present Classes taught:
 - AP Biology, Honors Biology
 - Chemistry
 - AP Environmental Science
 - Introduction to Robotics
 - Introduction to Engineering Design
 - Principles of Engineering
 - Digital Electronics
 - Engineering Design and Development

Introduction

- Self taught electronics hobbyist
- Restoring 80's arcade machines

Introduction

How is Intro to Robotics connected to Brahma Tech & DB Engineering?

**Carnegie
Mellon
University**

Introduction

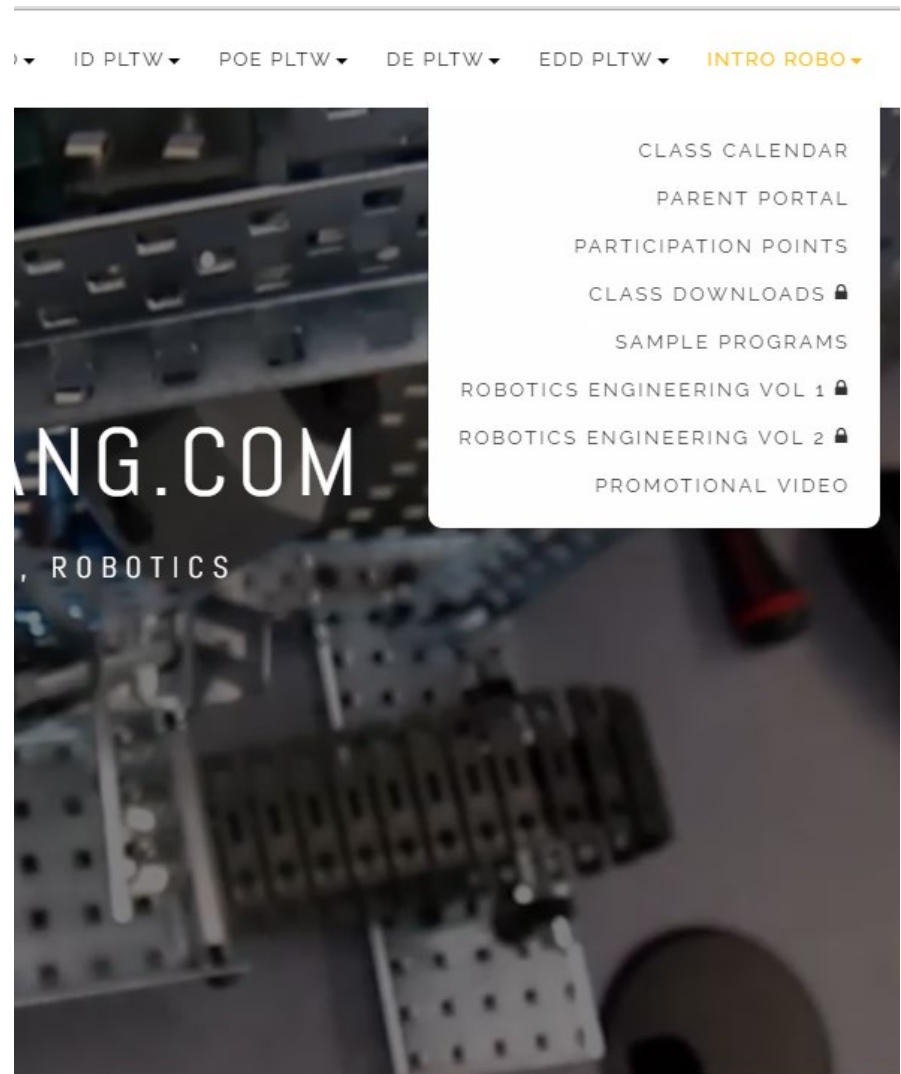

- More than just playing with toys!
- Critical thinking, problem solving, cooperative learning skills
- Programming, mechanical engineering skills

```
16 1. Turn both motors on for 7 seconds, which consists of
17
18 -Start right motor at half speed (0.5)
19 -Start left motor at half speed (0.5)
20 -Wait 7 seconds
21
22 2. Turn one motor on for 5 seconds, which consists of
23
24 -Stop right motor
25 -Wait 5 seconds
26
27 3. Turn the other motor on for 5 seconds, which consists
28
29 -Start right motor at half speed (0.5)
30 -Wait 5 seconds
31 -Stop right motor

Tips for Success

- Use of the class website
www.mrhwang.com
- Access the class calendar, syllabus, tutorials, assignments for download etc.

Tips for Success

- Our online textbook can be accessed through www.cs2n.org
- Some of our software can be accessed at home e.g. RobotC, Google Docs etc.

The screenshot displays the PLTW online textbook interface. On the left is a dark navigation sidebar with the following items: "My Library", "Introduction to Engineering Design", "Lesson 1.1 Design Basics" (expanded), "Activity 1.1.1 Design as a Process" (selected), "Sweet Improvement", "Activity 1.1.2 Iterate and Redesign", "Activity 1.1.3 Concept Sketching", "Activity 1.1.4 Targeting Success Using Data", "Project 1.1.5 Design a Game", "Project Reflection", "Lesson 1.2 Visualization and Solid Modeling", "Lesson 1.3 CAD Fundamentals", and "Lesson 1.4 Product". The main content area on the right features the PLTW logo at the top, followed by the title "Design as a Process" and a "Distance Learning Support" box containing the text: "If you are doing this activity outside of class, you can jump to the flexible path [DL: Act as a Designer](#)." Below this is a "GOALS" section with three bullet points: "Apply a design process to a problem.", "Contribute to the efforts of others.", and "Develop a model to represent a solution." At the bottom, a "MATERIALS" section is partially visible. The URL at the bottom of the browser window is <https://pltw.read.inkling.com/read/>.

Phone: **909-594-1405 x33201**

Homework

- Make sure Aeries email is updated
- Watch the promotional video for the class your student is enrolled in
- Email me a message saying that you did the BTSN homework with *your student`s name & class in the subject line* to earn extra credit for your student.
